

"They've been a lifesaver... I really don't know what I would have done without them."

CANDLELIGHT24 LIVE-IN CARE

PROVIDING A REAL ALTERNATIVE
TO RESIDENTIAL CARE

What our clients say

'Thanks for all you have done this year to help my mother (and me) in her home. I know she has been much happier and healthier since having the carers working with her, which has been great.'

Mr K of Corsham

'Candlelight 24 at your side in time of need, I have no hesitation in recommending Candlelight 24.'

Mrs M of Pensford

'I really appreciate what Candlelight24 does caring for my wife, as I do not want her to go to a nursing home. If I need care in the future it will be with Candlelight24.'

Mr D of Bath

'We have got to know our carer and appreciate her kindness and understanding. We have learnt to respect each others point of view.' **Mr G of Trowbridge**

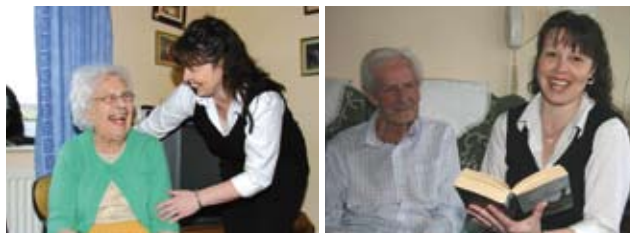

'Our carer has been a highly capable care giver for my mother. In particular she got her to walk when she returned home after the hospital OT had given up. She has paid close attention to my mother's diet and health, alerting me, the NHS doctor and district nurse to changes. She has skillfully adapted her care as my mother's health changed.' **Mr N of West Pennard**

'Your carer is wonderful with her clients. She has them in a good routine and they are doing much better than anticipated.' **District Nurse, Trowbridge**

Your Safety First!

All the care staff provided by Candlelight24 undergo criminal record checks and are fully vetted, self-employed, experienced professionals.

As a company we are registered with the Care Quality Commission and members of the UK Home Care Association and other professional organizations, ensuring the highest standards of care provision.

Other Candlelight Services

Candlelight also offers a full range of Homecare services across Bath & North East Somerset (B&NES), Dorset, East Sussex, Somerset & Wiltshire.

For more information about any of our services please contact us (see tear-off slip for details).

live-in care

MAKING LIFE EASIER

Accidents, illness, growing older - these are all life-changing, but they shouldn't mean having to move out of your own home.

It can be very difficult to acknowledge that we need help to continue being independent and maintain our quality of life. Imagine the added distress if the only way to get this help was to move into residential care.

This is where Candlelight24 can help!

Instead of the stress and upheaval of moving home at a time when you, or a loved one, may feel particularly vulnerable, consider the option of having a professional, live-in carer to provide the help and support you need.

This will allow you to continue living at home and avoid the trauma and distress of moving away from everything familiar, family, friends and pets.

So, if you or a loved one are at the stage where you need help in order to continue living at home, let us provide the care and support you need.

Candlelight24 offers a real alternative to residential care.

Having a professional, self-employed carer living in your home gives you the security of someone being there to help and support you.

We understand that inviting someone to live in your home can be a big step and we do all that we can to smooth the way.

We carefully select a professional, competent, self-employed carer whose skills best match your needs and requirements. After placement, continuous support is available for both you and your carer.

Some of the unique benefits of live-in care are:

- Peace of mind - for you and your family
- Someone there when you need them
- Individual personal attention
- Companionship & security
- Control of your life
- Cost effectiveness
- Adaptable and flexible care
- Respite/holiday/sickness cover for your main carer
- Temporary help after an accident, illness or operation

We cater for couples as well as those living alone.
